Various methods of sending and receiving fax documents

*„Use various methods to send and receive fax documents easily with **PBXware's** faxing system“*

gloCOM

The image below shows a gloCOM user connected over Internet to a PBXware able to send a fax document(s) to another gloCOM user, e-mail address (method more precisely known as a FAX to e-mail), FAX machine trough PSTN line and FAX machine connected to a PBXware as an analog extension.

FAX machine (PSTN)

The image below shows a FAX machine able to send a fax document(s) to gloCOM user, e-mail address (method more precisely known as a FAX to e-mail), FAX machine through PSTN line and FAX machine connected to a PBXware as an analog extension.
